

## Luke Williams

As an ambitious Java developer with a background in the health industry, I have discovered my true passion in coding. My combination of experiences provides me with a distinctive viewpoint and a profound understanding of various domains. I find great joy in the problem-solving nature of coding and constantly seek out opportunities to optimize solutions. With a strong commitment to delivering high-quality code, I am excited to contribute my skills, dedication, and drive to your company and collaborating with a dynamic team towards achieving success.

## EDUCATION & TRAINING

### Frontend-Development – Noroff

*August 2022 - current*

Covers design, web development and related frameworks (React, Bootstrap).
